Dear Sir/Madam,

I am writing on behalf of Mueller Middle East, a copper factory based in Bahrain. Our factory specializes in the production of copper products, and we are always on the lookout for reliable suppliers of raw materials.

I am writing to inquire if your country has copper mines from which we can buy Copper Cathode as a raw material. We understand that Iran has a rich mineral resource base, and we would like to explore the possibility of importing Copper Cathode from your country.

We would appreciate it if you could provide us with the following information:

Availability and quantity of Copper Cathode in Iran

Pricing and payment terms for Copper Cathode in Iran

Delivery options and lead time for Copper Cathode in Iran

Product specifications and quality assurance measures for Copper Cathode in Iran

We are committed to complying with all applicable laws and regulations, and we would like to assure you that any business we conduct with your country would be carried out in a transparent and ethical manner.

We appreciate your time and attention to this matter and look forward to hearing from you soon.

Thank you for your cooperation.

Kind Regards,

Ali Albash
